

NOR SYSTEMS

DUO PB-2

The DUO / PB2 maximizes the amount of characters which can be printed on an economically-sized label

Accurate, In-line print

- With each turn, the unique stopper mechanism keeps characters in place, providing in-line print

Label roll protection cover

- Ensures that labels are always kept clean

Wide variety of layouts

- Wider choice of layouts to meet various application needs

Precise printbands

- Enhanced printout clarity

Easy Media Replacement

- Easy and simple operator use

Bold Print model

- XL model prints 1 line of 6 extra bold characters

2 Line Hand Labelling Systems

SATO's two-line labellers, the DUO / PB2 series, allow users to print up to maximum of 20 alphanumeric characters on two lines. The labeller can print in one or two colours.

Suitable for a wide-range of applications, the DUO/PB2 is typically used for Price-marking applications, product identification and control purposes.

The DUO20 / PB20 XL model prints 1 line of 6 extra-large bold characters
